ENVIRONMENTAL INC.**  
CHEMPRO Division

October 16, 1991

Mr. Bill Hedgebeth  
Environmental Protection Agency, Region 10  
1200 Sixth Avenue, M/S AT083  
Seattle, WA 98101

Dear Mr. Hedgebeth:

Enclosed is the information requested by Mr. Peter Maule during the September 30, 1991 TSCA inspection of Chempro's Georgetown facility located at 734 South Lucile Street in Seattle. The following list shows the applicable items we have provided as per the Request for Information presented by Mr. Maule:

- Item #1: A copy of the complete PCB Annual Document Log for 1990 and 1991.
- Item #2: A copy of all manifests for PCBs shipped from the facility during 1990 and 1991.
- Item #3: A copy of all manifests for PCBs received from generators during 1990 and 1991.
- Item #4: A copy of all Certificates of Disposal for PCBs received during 1990 and 1991. (In this package, Certificates of Disposal are attached to the copies of outgoing manifests).
- Item #5: N/A. The Georgetown facility does not have any PCB transformers in use or in storage for reuse.
- Item #6: A copy of the daily inspection records for the PCB storage area for 9/25/91, 9/27/91, 9/30/91, 4/22/91, 4/9/91, 9/24/90, and 9/11/90.
- Items  
#7 - #9: N/A. The Georgetown facility does not utilize bulk tanks for PCB storage.
- Item #10: N/A. The Georgetown facility does not have any PCB transformers in use or in storage for reuse.
- Item #11: N/A. Waste oils containing PCBs are not delivered to oil recyclers or other parties from the Georgetown facility.

Mr. Bill Hedgebeth

- Item #12: N/A. The Georgetown facility has not been granted state or local approval relating to the storage of PCBs.
- Item #13: All spill reports documenting PCB spill response and cleanup for 1990 and 1991.
- Item #14: The Georgetown facility has used the following subcontracted transporters to haul PCB wastes during 1990 and 1991:

Custom Environmental Transport, Inc. (CET)  
400 Bellevue Parkway, Suite 210, Wilmington, DE 19809  
(713) 920-4500

Aptus  
P.O. Box 550, Lakeville, MN 55044  
(612) 469-3475

Technical Transporters  
P.O. Box 338, Deer Park, TX 77536/0338  
(713) 479-0822

Tri-State Motor Transport Co.  
P.O. Box 113 East 7th, Joplin, MO 64802  
(417) 624-3131

Note: The majority of PCB wastes are transported from the Georgetown facility by Resource Recovery Corporation, a wholly owned subsidiary of Chemical Processors, Inc.

If you have any questions, or if you need additional information, please feel free to contact me at 223-0500.

Sincerely,

Keith Lund  
Environmental Scientist
